2025 Diesel Power Pack

This high quality versatile powerpack is special designed for the heavy transport industry. With this Hatz 1 cylinder diesel engine (Hatz has a proven reputation) and his 200 Liter hydraulic tank you will be able to operate the hydraulic suspension and steering of your heavy transport trailer. Because of the high capacity of the oil tank, you will be able to lift and lower quite a few axle lines. (pending type and brand but will be around 30-40 axle lines)

Specifications:

- Hatz 1 Cylinder Diesel Engine (silent pack) @ 9.6 kW, type 1D81C stage V.
- 180 Ltr hydraulic oil capacity powder coated tank in black. (tank can be coated in colour of choice)
- Capacity of 20 l/min and 250 bar max work pressure.
- 3 x different quick connector size for 'Pressure' connection, this so almost every brand trailer fits straight on and you don't have to keep changing your quick connectors
- 3 x different quick connector size for 'Tank' connection, this so almost every brand trailer fits straight on and you don't have to keep changing your quick connectors
- Fixed dashboard on PPU
- Remote dashboard including magnets for mounting under Gooseneck for example
- Galvanised frame including M16 lifting eyes
- Mounting holes for fixing the PPU on the gooseneck
- Electric RPM control
- Including manual, schematics and spare part list
